Canadian Space Agency Logo
GRAPHIC STANDARDS ONE-PAGER

Two versions of the Canadian Space Agency (CSA) logo are available. The **full version** includes the name of the CSA written out in English (at the top) and French (at the bottom). The **symbol-only** version is used in conjunction with the government elements.

PROPORTIONS

When the symbol and government elements are used together, use the proportion ratios shown in the following example*. Measurement X is equal to the height of the flag in the corporate signature.

X   🍁 Canadian Space Agency   Agence spatiale canadienne

1 X   Canada 🍁   1.5 X

4 X

* Excludes stationery, where the symbol is 3 X wide instead of 4 X.

LAYOUT

In the majority of communications products, the symbol should be in the top left corner, and the government elements should be at the bottom, as illustrated in this example.

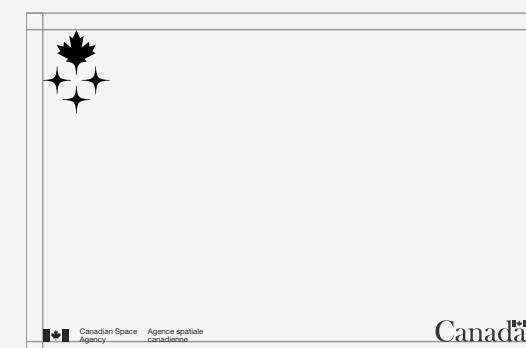

SAFE AREA

When used alone, the logo must always be surrounded by a safe area, which is equal to one half-star on all sides.
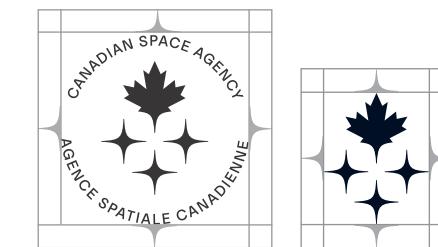

When used with the government elements, the size of the safe area is based on measurement X.
